 for Dental Professionals”**

Featuring Kristy Menage Bernie, RDH, MS, RYT

Saturday • September 26, 2020 • 2 CE units

9:00 am to 11:00 pm • Virtual Presentation via ZOOM!

Attendees will receive the meeting link and handout the week of the event via email.

For best virtual experience, recommend viewing on a laptop or desktop computer with camera access!

Course Description:

This webinar is intended for California licensed dental professionals to meet continuing education requirements mandated by the DBC and DHBC in the area of infection control (CCR 1005). Additionally, a review of CDC guidelines for Infection Control in Dentistry will be presented as well as the differences in these guidelines vs. state OSHA regulations. Finally, this interactive webinar will include an overview of methods for infection prevention and strategies to incorporate protocols that meet and/or exceed the California Infection Control regulations as well as an update on COVID-19 guidelines and mandates.

Learning Outcomes:

- Review and discuss the current DBC Minimum Standards for Infection Control Regulations (CCR 1005).
- Understand the differences between OSHA, CDC and DBC/DHBC infection control guidelines/regulations.
- Identify key resources to assist in maintaining optimal infection control practices in dentistry.
- Update COVID-19 guidelines/mandates for dentistry.
- Implement the California Minimum Standards for Infection Control into practice.
